***ARTICLE THREE- SUBURBAN RESIDENTIAL AND RESTRICTED COMMERCIAL DISTRICT (R-1)***

The purpose of creating Suburban Residential and Restricted Commercial Districts, is to provide areas dedicated primarily to residential uses in which each dwelling is located on an individual lot or premises adequate in size and shape to provide for safe water supply and sewage disposal facilities, to minimize hazards of spreading fires, and to require setback from the public thoroughfare to facilitate safe exit from and entrance to the premises.

The requirements are intended to protect and stabilize the basic qualities of such district, and to provide suitable and safe conditions for residential living. Such district is established in conformity with existing residential and commercial developments, including areas in which it appears desirable that further developments take place. Since various other uses of land, buildings and structures for retail stores and shops, commercial enterprises, professional and other services are generally accepted as compatible with residential use, if properly integrated, the inclusion of such uses is provided by Special Approval.
